**[STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT****INCOME ELIGIBILITY LEVELS****A. Mandatory Categorically Needy**

1. AFDC-Related Groups other than Poverty Level Pregnant Women and Infants:  
Eligibility for these groups is based on the monthly standard of need (SON) as reflected in the Title IV-A State Plan approved as of July 16, 1996. The monthly SON equals the payment standard. The following illustrates how the SON is derived:

For a household of three living in Suffolk County, and paying for Public Service Commission (PSC) electric heat, the family is allowed: a basic allowance of \$238, which is intended to be used for food, clothes, personal incidentals, etc.; a Home Energy Allowance of \$30; a Supplemental Home Energy Allowance of \$23; a Shelter Allowance of \$387; and a Fuel Allowance for PSC electric heat of \$90. The total monthly SON for a family of 3 living in Suffolk County is \$768.

Additional items of need as described on page 1 of Attachment E, "Standard of Need" for the July 16, 1996 Title IV-A State Plan, in Section 352.1, paragraph (c) are also provided as circumstances warrant. The SON/payment standard would then increase accordingly.

2. Pregnant Women and Infants under Section 1902(a)(10)(i)(A)(IV) of the Act:  
Effective April 1, 1990, based on the following percent of the official Federal income poverty level --

133 Percent

185 Percent (No more than 185 percent)  
(as revised annually in the  
Federal Register for the size family involved.)

Note: A State Plan amendment was approved under Section 1902(r)(2) to allow for a disregard on income between 185% and 200% of the poverty level for pregnant women and infants.]

When the recipient is obligated to pay for sewer, water (except when paid as a separate charge) and/or garbage disposal, an allowance must be made therefore to the extent that the total of the rent allowances plus such charge or charges does not exceed the appropriate maximum amount in the schedule in subdivision (a) of this section. For the purpose of this subdivision, the term "separate charge" refers to a billing made directly to a recipient in his or her name, which is limited to charges for his or her utility service.
- (c) An allowance for household expenses must be made for a period not in excess of 180 days, when essential to retain a housing accommodation and to maintain the home to which a recipient temporarily receiving care in a medical facility is reasonably expected to return upon discharge from such facility. Payments under this subdivision must not continue for more than 45 days unless, within 45 days following placement in the medical facility, the social services official has reviewed the recipient's status and determined that the recipient is expected to remain in the facility for not more than 180 days and is likely to return to the home following discharge. The basis for these conclusions must be documented in the case record.

**(d) (1) Public Housing.**

An allowance for rent must be made for recipients who are tenants of city, State or federally aided public housing up to the amount actually paid or the following schedule, whichever is less, except when a modified schedule or allowances is approved by this department for a specific housing authority or when the housing authority calculates the rent based on a percentage of household income:

For any household for which the amount of rent is determined by a public housing authority as a percentage of either gross or adjusted gross income, the applicable shelter allowance is the amount so calculated up to the maximum allowance for the given household size found in subdivision (a) of this section.

**(2) (i) Section 236 Rental Assistance Program, Section 8 Housing Vouchers, Section 8 Housing Program (non-certificate).**

The rent allowance for tenants of housing subsidized under the Section 236 Rental Assistance Program or the Section 8 Housing Assistance Payments Program, except as provided in clause (ii) of this paragraph, is the amount of rent actually paid (exclusive of the subsidy) but not more than the amount in the applicable schedule in subdivisions (a) and (b) of this section.

**(ii) Section 8 Existing Housing Program (certificate).**

The rent and fuel for heating allowance for recipients whose housing payments of rent are subsidized under the Section 8 Existing Housing Program who hold a certificate of family participation (not including a recipient participating in the program of special allowances for owners of manufactured homes) is the amount in the applicable schedule in clause (iii) or clause (iv) of this paragraph. Such amount will not be adjusted in accordance with the actual cost of shelter and utilities. Subdivisions (a) and (b) of this section and subdivision (a) of section 352.5 do not apply; provided, however, that allowances hereunder may not exceed the applicable amount under subdivision (a) of this section. Shelter and fuel allowances pursuant to this subdivision are not subject to proration under section 352.32(e)(2)(ii) of this Part unless the members of each assistance unit in the household reside together as a single economic unit subject to proration of the basic monthly allowance, the home energy allowance and the supplemental home energy allowance under section 352(e)(2)(i) of this Part. Any amounts by which the rental obligation of the tenant is reduced below the amounts in the applicable schedule in clause (iii) or clause (iv) of this paragraph as an allowance for payment of utilities and any amounts remitted to the tenant or to a vendor for payment of utilities as a result of participation in the section 8 program are deemed to be an actual payment for housing by the tenant for the purposes of this clause. No such utility allowance or reimbursement constitutes income for purposes of determining eligibility for or the amount of public assistance.]

- [4) A detailed report of that review, evaluation and authorization must be submitted to the department's division of income maintenance on the form prescribed by the department, on or before the 10<sup>th</sup> working day of the fourth month of temporary residence, and at monthly intervals thereafter.
- (f) Reimbursement for shelter costs and restaurant allowances and rental fees for refrigerators as provided for in paragraph (e)(2) of this section is available to social services districts for expenditures made by such districts on behalf of recipients temporarily living in hotels or motels for so long as the recipients are actively seeking permanent housing, but in no event for a period in excess of six months unless the local commissioner of social services determines on an annual basis that housing other than hotels or motels or facilities regulated under Part 900 of this Title is not readily available in the social services district and the commissioner submits such determination to the department on an annual basis. Upon such a determination and submission, the social services district will continue to be reimbursed for shelter costs, restaurant allowances as appropriate and rental fees for refrigerators provided to public assistance recipients beyond such six month period. A recipient's continued need for hotel/motel accommodations must be reviewed and evaluated monthly. The maximum reimbursable amount for shelter costs after August 1, 1984 is \$16 per day for the first person in each hotel room, and \$11 per day for the remaining occupants in each room. Restaurant allowances, if necessary, must be provided in accordance with department regulations.

**(g) Standards.**

No family must be referred to a hotel/motel, nor must any reimbursement be made for costs incurred from such referral unless all of the requirements set forth below are met:

- (1) Primary consideration must be given to the needs of children. Specific factors considered must include but must not be limited to educational needs, security, the nature of the facility in which the children would be placed, and factors which will insure the minimum disruption of community ties.
- (2) The hotel/motel must have appropriate contractual or other arrangements for maintenance, repair and sanitation in the hotel/motel. The hotel/motel must have available for review by the local social services district information verifying the above-mentioned arrangements or record of such. Such information would include, for example, contracts with private carters, bills, receipts, or other evidence of performance. Such arrangements must include but not be limited to agreements for provision of the following services:

**(h) Inspection.**

Local social services districts which make hotel/motel referral must inspect at least once every six months the hotels/motels in which families are placed. In addition to verifying that the hotel/motel meets the requirements set forth in subdivision (g) of this section, the local district must make appropriate inquiries to determine whether the hotel/motel is in compliance with all applicable state and local laws, regulations, codes and ordinances. Any violation found during the on-site inspection must be reported to appropriate authorities. Further, each inspection must at least review arrangements for hygiene, vermin control, security, furnishings, cleanliness and maintenance and must include a review of any applicable documents pertaining to compliance with any local laws or codes. A written report must be made of each such inspection and must be maintained at the office of the local district together with such other information as the district may maintain concerning the families placed in the hotel/motel.

- (i) (1) To the extent that units of housing are available and subject to the department approval based upon the housing conditions in the region, social services districts may provide an allowance to secure housing to any homeless family:
  - (i) residing in a municipality having a rental vacancy rate for low-income housing less than three percent;
  - (ii) for whom no housing can be located at a rent within the shelter maximum under this section; and
  - (iii) in which at least one member of the family has resided in a hotel or motel and/or a shelter (including, but not limited to, facilities operated under Part 900 of this Title) at public expense for a period exceeding 12 weeks. Social services districts may consider decreasing this length of stay requirement if a long term temporary placement in a hotel or motel or shelter would be detrimental to the health and welfare of families, including families with immediate medical needs.
- (2) In determining priority for placement in housing units for which an allowance is paid under this subdivision, the district must consider factors affecting need such as:]

Moreover, no allowance will be paid unless the participating landlord agrees to make a specified apartment available to the selected family for a period of up to 32 months as approved by the department, except as provided herein. The landlord must agree that, in the event that a selected family does not remain for any reason in the specified apartment for the period for which it is to be available, the landlord will return a pro rata portion of the allowance reflecting the balance of the period. **(k) Emergency shelter allowances:**

- (1) An emergency shelter allowance must be provided, upon request, to a household composed of an applicant for or recipient of public assistance, who has been medically diagnosed as having AIDS or HIV-related illness as defined from time-to-time by the AIDS Institute of the State Department of Health, and any family members residing with such person. Such household must be homeless or faced with homelessness and have no viable and less costly alternative housing available. The social and medical needs of the household members must be considered in making a determination concerning the availability of alternative housing.
- (2) An emergency shelter allowance must not exceed \$480 for the first person in the household and \$330 for each additional person in the household, and in no event be greater than the actual monthly rent due. A person with AIDS or HIV-related illness is considered to be the first person in the household. Except for cases specified in paragraph (3) of this subdivision, the emergency shelter allowance is considered to be the household's public assistance shelter allowance for public assistance budgeting purposes.
- (3) When a household comprising both FA and SSI eligible persons requests an emergency shelter allowance, the social services district must compute the amount of the allowance as follows:
  - (i) determine the public assistance grant of the FA eligible persons using the appropriate rent schedule amount in section 352.3(a) of this Part:]

- (ii) calculate the net amount of actual household shelter costs by subtracting the appropriate rent schedule amount, as determined by referring to section 352.3(a) of this Part, from the total actual household shelter costs;
  - (iii) calculate the maximum amount of emergency shelter allowance available to the household by subtracting the appropriate rent schedule amount, as determined by referring to section 352.3(a) of this Part, from the maximum allowance authorized by paragraph (2) of this subdivision for the total number of persons in the household; and
  - (iv) subtract the SSI benefits and other income of the SSI eligible persons from the sum of the amount calculated in accordance with the provisions of subparagraph (ii) or subparagraph (iii) of this paragraph, whichever is less, and the incremental non-shelter public assistance standard of need of the SSI eligible persons. The resulting amount, if greater than zero, is the household's emergency shelter allowance. This allowance is added to the public assistance grant determined in accordance with subparagraph (i) of this paragraph.
- (4) When necessary, social services districts must:
  - (i) address the social services needs of a person in receipt of an emergency shelter allowance through the direct provision of services or through the provision of appropriate information and referral services; efforts should be made to ensure that an applicant for or a recipient of such an allowance has established appropriate social and medical support networks;
  - (ii) assist an applicant for or a recipient of an emergency shelter allowance to secure the required documentation so that eligibility for such allowance can be determined; and
  - (iii) arrange for required face-to-face interviews to be conducted during home visits or at other appropriate sites. In accordance with department regulations, designation representatives may file and sign application and recertification documents on behalf of an applicant for or a recipient of an emergency shelter allowance.]

**(b) Carrying charges.**

On applicant/recipient-owned property used as a home, carrying charges must be met in the amount actually paid by the applicant/recipient, but not in excess of the appropriate maximum of the rent schedule, for the items of taxes; interest on mortgage; fire insurance; and garbage disposal, sewer and water assessments.

**(c) Amortization.**

The amounts required to amortize a mortgage on the applicant's/recipient's property must be included in the carrying charges when property is income-producing and the resulting carrying charges do not exceed the property income by an amount in excess of the maximum of the established rent schedule or when property is not income-producing but it is essential to retain the home of the applicant/recipient and the resulting carrying charges do not exceed the appropriate maximum of the established rent schedule.

- (3) In cases in which property conveyed to a social services official is used to shelter a recipient other than the recipient who conveyed such property or his surviving spouse, a reasonable rental for such shelter must be determined. Such reasonable rental must be included in the grant of assistance of the recipient sheltered in such property and the net amount of such rent, in excess of all carrying charges paid for by the social services district, must be credited to the amount required to redeem the property as provided in section 106 of the Social Services Law.

**352.5 Energy assistance.****(a) Tenant and customer of record requirements.**

Prior to granting energy assistance under subdivisions (b) through (g) of this section, it must be documented that the applicant/recipient/grantee is the tenant and customer of record. A tenant of record is a person who has primary responsibility for payment of the monthly rent or mortgage for the dwelling unit. Individuals who contribute a portion of the monthly rent/mortgage to a person responsible for payment of the monthly rent/mortgage for the dwelling unit will not be considered a tenant of record. A customer of record is a person who has an account in his or her name with a home energy vendor. An individual who is not the tenant and customer of record considered to meet the tenant and customer of record requirement(s) when such individual is the spouse of the tenant and customer of record who is living in the same household or who is the surviving spouse of a deceased spouse who was the tenant and customer of record. **[(b) Fuel for heating allowances.**

Each social services district must grant an allowance for fuel for heating to a public assistance applicant/recipient or self-maintaining grantee in receipt of public assistance for a dependent child or children when it is documented that the applicant/recipient/grantee is the tenant of record, as defined in subdivision (a) of this section, with primary responsibility for payment of the residential heating costs. A fuel for heating allowance must also be granted to a public assistance applicant/recipient/grantee whose utility heating bill may include costs for service for the applicant/recipient/grantee's own residential unit and for space outside that unit or whose non-utility heating bill includes costs for the applicant/recipient/grantee's own residential unit and for other residential units when it is documented that the applicant/recipient/grantee is the tenant and customer of record as defined in subdivision (a) of this section. When a fuel for heating allowance is granted to an applicant/recipient/grantee who is the customer of record for a utility bill which may include costs for service for the applicant/recipient/grantee's own residential unit and for space outside that unit, the social services district must determine whether a referral for a shared meter investigation, in accordance with the provisions of section 52 of the Public Service Law, is appropriate. A fuel for heating allowance is not granted to an applicant/recipient/grantee budgeted in accordance with the Section 8 certificate housing provisions outlined in section 352.3(d)(2)(ii) of this Part. To have primary responsibility for the payment of residential heating costs, the applicant/recipient/grantee must be the customer of record, as defined in subdivision (a) of this section, for the residential heating bill with a home energy vendor. Fueled for heating allowances must be provided on a 12-month heating season (October 1<sup>st</sup> September 30<sup>th</sup>) in accordance with the following schedules and must be based upon the applicant/recipient/grantee's primary residential heating source:

- (c) Payment essential to obtain non-utility heating fuel for an applicant for family assistance (FA), safety net assistance (SNA), veteran assistance or emergency public assistance. The district must authorize a nonrecoupable payment to an applicant for family assistance, safety net assistance, veteran assistance or emergency public assistance for non-utility (other than natural gas or electricity) heating fuel, including an applicant whose non-utility heating bill includes costs for the applicant's own residential unit and for other residential units, provided such payment is necessary to obtain non-utility heating fuel essential for the applicant's residential heating purposes. Such payment may only be made when it is documented that the applicant is the tenant of record and the customer of record, as defined in subdivision (a) of this section, and alternative payment or housing accommodations cannot be arranged and the applicant is without liquid resources to pay for such non-utility heating fuel. Such payment must not exceed the cost of non-utility heating fuel required to meet the applicant's immediate need. However, once an initial payment has been authorized for an applicant whose non-utility heating bill includes costs for the applicant's own residential unit and for other residential units, subsequent emergency payments to obtain non-utility heating fuel for that applicant may only be authorized for deliveries made on an alternate basis with the other unit(s) sharing the fuel source. Prior to issuing payment for each subsequent delivery, it must be documented that heating fuel in amounts reasonably comparable to the most recent delivery paid for by the social services district has been provided by or on behalf of the other unit(s) sharing the fuel source. These methods include, but are not limited to, the following: referrals to services and/or other agencies; exploration of alternative housing; exploration of other funding sources (including HEAP); or the lending of safe supplemental heating devices. Documentation of need for the social services district payment must be fully recorded in the applicant's case file.

- (d) Payment essential to obtain non-utility heating fuel. This subdivision applies to recipients of family assistance, safety net assistance, veteran assistance or self-maintaining grantees in receipt of family assistance or safety net assistance on behalf of dependent children and in receipt of fuel for heating allowances as outlined in subdivision (b) of this section. An advance allowance subject to recoupment, in accordance with section 352.11 of this Part, must be authorized for such recipient or grantee when it is documented that the recipient/grantee is the tenant and customer of record for the residential heating bill, as defined in subdivision (a) of this section, and when the recipient/grantee has made a request in writing for such an allowance and also has requested in writing that the monthly grant be reduced to recover the advance allowance. This provision is applicable in those cases where the recipient/grantee's non-utility heating bill includes costs for the recipient/grantee's own residential unit and for other residential units. Once an initial payment has been authorized for a recipient/grantee whose non-utility heating bill includes costs for the recipient/grantee's own residential unit and for other residential units, subsequent payments to obtain non-utility heating fuel for that recipient/grantee may only be authorized for deliveries made on an alternate basis with the other unit(s) sharing the fuel source. Prior to issuing payment for each subsequent delivery, it must be documented that heating fuel in amounts reasonably comparable to the most recent delivery paid for by the social services district has been provided by or on behalf of the other unit(s) sharing the fuel source. When the alternate delivery requirement has not been met or cannot be documented, the social services district must address the recipient/grantee's heating emergency with alternative methods. These methods include, but are not limited to, the following: referrals to services and/or other agencies; exploration of alternative housing; exploration of other funding sources (including HEAP); or lending of safe supplemental heating devices.

A payment must be made for utilities previously provided to an applicant for family assistance, safety net assistance, veteran assistance or emergency public assistance if such payment is essential to continue or restore utility service. Payment essential to continue or restore utility service may be provided to an applicant whose utility bill includes costs for service for the applicant's own residential unit and for space outside that unit. [alternative payment or housing accommodations cannot be made and the applicant is without liquid resources to continue or restore utility service. Payment must not exceed the cost of utilities provided to the applicant during the four most recently completed monthly billing periods or two most recently completed bi-monthly billing periods for which a bill has been issued immediately preceding the date of application for such assistance. Payment is limited to the applicant's proportionate share of the cost of service for the most recently completed four monthly or two most recently completed bi-monthly billing periods for which a bill has been issued immediately preceding the date of application for such assistance when the applicant's utility bill includes costs for service for the applicant's own residential unit and for space outside that unit. Payment must not exceed the balance due on the account. In a shared meter situation subject to the provisions of section 52 of the Public Service Law, the proportionate share is to be determined by the utility company's apportionment of retroactive charges upon completion of a shared meter investigation and determination. As a condition of receiving such assistance, an applicant not in receipt of recurring public assistance or supplemental security income whose gross monthly household income on the date of application exceeds the public assistance standard of need for the same size household must sign an agreement to repay the assistance within one year of the date of the payment. A household consists of all persons who occupy a housing unit. A house, an apartment or other group of rooms, or a single room is regarded as a housing unit when it is occupied or intended for occupancy as separate living quarters. A household includes related family members and all unrelated persons, if any, such as lodgers, foster children, wards, or employees who share the housing unit. A person living alone, or a group of unrelated persons sharing a housing unit as partners, also constitutes a household. The public assistance standard of need is determined by applying the following statewide standards of need in accordance with office regulations: the pre-add allowance as set forth in Schedule SA-2a of section 352.3 of this Part; the shelter allowance as paid, but not to exceed the maximum allowance set forth in section 352.3 of this Part; the fuel allowance set forth in Schedule SA-6a, SA-6b or SA-6c of section 352.5 of this Part, if the applicant is the tenant of record and customer of the record for residential heating bill; the home energy and supplemental home energy payments (HEA and SHEA) as set forth in schedule SA-2b or SA-2c of section 352.1 of this Part; and, if applicable, the additional cost of meals for persons unable to prepare meals at home as set forth in schedule SA-5 of section 352.7 of this Part. The repayment agreement must set forth a schedule of payments that will assure repayment within one year of the date of payment. Subsequent assistance to continue or restore utility service must not be provided unless any prior utility arrearage payments have been repaid or are being repaid in accordance with the schedule of payments contained in each prior repayment agreement as of the date of application for such subsequent assistance. Repayment agreements under this subdivision may be enforced in any manner available to a creditor, in addition to any other remedy the district may have pursuant to the Social Services Law.]

For purposes of this subdivision, the term recipient is defined as: a recipient of family assistance, safety net assistance, veteran assistance, or a self-maintaining grantee in receipt of public assistance on behalf of dependent children and in receipt of a HEA and SHEA and/or a fuel for heating allowance, as defined in subdivision (b) of this section.
- (1) A payment must be made for utilities previously provided to a recipient of family assistance, safety net assistance, veteran assistance or grantee in receipt of public assistance for dependent children and in receipt of an HEA and SHEA and/or a fuel for heating allowance, as defined in subdivision (b) of this section if such payment is essential to continue or restore utility service. Payment essential to continue or restore utility service may be provided to a recipient whose utility bill includes costs for service for the recipient's own residential unit and for space outside that unit. Payment may only be granted when it is documented that the recipient/grantee is the tenant and customer of record, as defined in subdivision (a) of this section and when alternative payment or housing accommodations cannot be made and the recipient is without liquid resources to continue to restore utility service. Payment must not exceed the cost of utilities provided to the recipient for the four most recently completed monthly billing periods or two most recently completed bi-monthly billing periods in which service was rendered within the 10 monthly or five bi-monthly most recently completed billing periods immediately preceding the date of request for such assistance. When the recipient's utility bill includes costs for service for the recipient's own residential unit and for space outside that unit, payment is limited to the recipient's proportionate share of the cost of service for the time frames outlined above. In a shared meter situation subject to the provisions of section 52 of the Public Service Law, the proportionate share is to be determined by the utility company's apportionment of retroactive charges upon completion of a shared meter investigation and determination. Payment must not exceed the balance due on the account and must be provided in accordance with the provisions of paragraphs (2), (3) and (4), (5), (6), and (7) of this subdivision.

In addition, there must be no other evidence of mismanagement. Documentation for recipients budgeted in accordance with the provisions outlined in section 352.3(d)(2)(ii) of this Part must include proof of payment of: an amount at least equal to the combined Home Energy Allowance and Supplemental Home Energy Allowance (HEA and SHEA) budgeted in the public assistance grant to domestic energy costs (lights, cooking, hot water); an amount at least equal to the shelter allowance budgeted in the public assistance grant towards shelter, heating, water, and other shelter-related items covered by the federal Department of Housing and Urban Development utility allowance. In addition, there must be no other evidence of mismanagement.
- (3) If such recipient is not eligible for a nonrecoupable grant pursuant to paragraph (2) of this subdivision, or for other available non-recoupable grants including Home Energy Assistance Program benefits, payment must be provided as an advance allowance subject to recoupment in accordance with section 352.11 of this Part.
  - (4) Whenever a social services district makes an arrearage payment to continue or restore the utility service of a public assistance recipient, the district must also, prospectively for a period of six months or until the case is closed, whichever occurs first, act as a guarantor of the recipient's future utility bills or place the recipient on voucher payment. When the recipient is the customer of record for a utility bill which includes costs for service for the recipient's own residential unit and for space outside that unit, only the recipient's proportionate share of the bill is the prospective responsibility of the social services district.
  - (5) If the agency uses a voucher payment to meet the prospective responsibility for an FA recipient the agency must be able to document recipient mismanagement. For the purposes of this subdivision, mismanagement is determined in accordance with the provisions outlined in paragraph (2) of this subdivision. In such cases, amounts not to exceed the following are restricted from the recipient's grant:
    - (i) if the recipient's utility bill represents "heat only," and the recipient does not reside in or is not budgeted in accordance with the Section 8 certificate housing provisions outlined in section 352.3(d)(2)(ii) for this Part, the recipient's monthly fuel for heating allowance is removed from the recipient's monthly grant. Heating costs paid by the district which exceed the amount removed from the recipient's grant are considered to be overpayments subject to recoupment in accordance with section 352.31 (d) of this Part;

- (ii) if the recipient's utility bill represents domestic costs only (lights, cooking, hot water), the recipient's Home Energy Allowance and Supplemental Home Energy Allowance (HEA and SHEA) or the average monthly cost of the recipient's domestic utility service, whichever is less, is removed from the recipient's grant. Domestic energy costs paid by the district which exceed the amount removed from the grant must be considered to be overpayments subject to recoupment in accordance with section 352.31(d) of this Part.

Identified underpayments/overpayments are to be reconciled in accordance with section 352.31 (d), (e), and/or (f) of this Part.

- (i) If an applicant or recipient reports to a local social services official that a check has been lost or stolen, an affidavit of loss must be required of the recipient, and payment of the check must be stopped: If the recipient has not already done so, he must be required by the local social services official to report the loss or theft to the police, to obtain from them the blotter entry number, or classification number, or file number or other available evidence of the reporting, and to furnish such evidence to the local social services official. When satisfied that such police report has been made, the local social services official must issue a replacement check to the recipient, on which there must appear above the place for the recipient's signature, the following: "By endorsing or cashing this check I acknowledge that this is a replacement for a check, number dated drawn to my order on which was lost/stolen, that I have not received the proceeds of said check directly or indirectly; and that I have been informed it is illegal for me to cash said check, and if I do so, I am liable to prosecution."
- (ii) If payment is not stopped on the original check and it and the replacement check are both cashed, only one must be subject to State reimbursement, and the social services district must limit its claim for State reimbursement to one of the two checks.
- (iii) If it is established that a recipient endorsed and cashed an allegedly lost or stolen check which has been replaced, the amount of such check must be recovered from the recipient as provided for by the provisions of the regulations of this department.

**(2) Replacement of electronic benefits.**

If it is verified that a valid issuance transaction occurred, the benefits cannot be replaced. If it is determined that a valid issuance transaction did not occur, the benefits must be restored in accordance with section 352.31(f) of this Part.]
