Payment of Medicare Part A and Part B Deductible/Coinsurance

[7.] 8. Any Medicaid payments made to physicians and durable medical equipment providers for Medicare Part B services during the period April 1, 2005 through June 30, 2005, which are made subject to the 20% of the coinsurance payment provisions cited on Supplement 1 to Attachment 4.19-B page 3, will be the basis of a supplemental payment not to exceed $5,000,000 pursuant to the following methodology:

For each physician and durable medical equipment provider that received such payments during the period April 1, 2005 through June 30, 2005, the Department of Health will determine the ratio of each physician's and durable medical equipment provider's payments to the total of such payments made during the period, expressed as a percentage.

For each physician, the Department of Health will multiply this percentage by $4,700,000 and for each durable medical equipment provider the Department of Health will multiply this percentage by $300,000, respectively. The result of such calculation will represent the "2005 coinsurance enhancement".

[8.] 9. Any Medicaid payments made to psychiatrists for Medicare Part B services during the period April 1, 2006 through March 31, 2007, which are made subject to 20 percent of the coinsurance payment provisions cited on Supplement 1 to Attachment 4.19-B page 3, will be the basis of a supplemental payment not to exceed $2,000,000 pursuant to the following methodology:

For each psychiatrist who received such Medicaid payments during the period April 1, 2006 through March 31, 2007, the Department of Health will determine the ratio of each psychiatrist's Medicaid payments to the total of such Medicaid payments made during the period, expressed as a percentage.

For each psychiatrist, the Department of Health will multiply this percentage by $2,000,000. The result of such calculation will represent the “2006-2007 coinsurance enhancement".
